

NOTICE INVITING TENDER

Date of Publication:
15th April 2026

Project Location:
Guna, Madhya Pradesh

End Poverty invites sealed tenders from eligible, qualified, and experienced contractors/agencies for execution of Natural Resource Management (NRM) works as per the details mentioned below.

1. SCOPE OF WORK

Work Description	Work Details
1.1 Pond Deepening (16 Units)	<p>The work involves earthwork excavation in all types of soil to enhance water storage capacity, including removal of silt, vegetation, and debris. It also covers strengthening and dressing of pond bunds, repair and improvement of inlet and outlet structures, and proper slope formation for stability. Additional activities include desilting, compaction of embankments, pitching (if required) for erosion control, and provision of spillways for safe overflow.</p> <p>Excavated soil transportation will primarily be managed by farmers/Gram Panchayats using their own vehicles; however, staking and leveling of excavated soil in adjacent fields will be undertaken by the contractor wherever required.</p>
1.2 LAND LEVELLING (7 Units)	<p>The work involves levelling of agricultural or wasteland/uneven land to facilitate improved soil moisture retention, enhance agricultural productivity, and support water conservation. The scope includes site survey, planning, clearing of obstacles (if any), levelling using appropriate equipment and methodologies, and proper shaping to ensure uniform slope and drainage. The work may also include bund formation or minor field channels as required.</p>
1.3 Repair of Check Dams (2 Units)	<p>The work includes repair and restoration of existing check dams, including structural strengthening, rectification of damages, desilting (if required), and ensuring proper functioning of spillways and protection structures.</p>
